Formalia abstract:

Letter size 12

Times new roman

Title is written in bold

Max 250 words.

Must include title, introduction/background, purpose, (materials and methods), results, discussion and conclusion.

The language must be precise and clear.

Title and abstract must be connected.

Language: Danish or English

Max 5 references (these are not included in the 250 words). References are referred to in the text in square brackets [] References must follow the following form:

[1] Bacai P, Burch D. Human papillomavirus infection. Arch Pathol Lab Med 2018;142:700-705.

No figures or tables

All authors and their workplaces/institutions are listed as follows:

- Full surname
- First/middle names as initials, separated by periods.
- Commas between authors
- Main author is underlined

- Lead authors must be the one presenting the poster and must be present at the conference
- The authors' institutions/workplaces are noted under the authors' names, as small raised letters (clinic name, city, country).
- Underneath the abstract write the main author's name, clinic/institution, institution's address, country, email)
- Two line spacing between title, authors, institution, abstract and corresponding author's information.

An abstract will be accepted for display at the Annual Meeting if it is approved by the committee members.

Abstracts will then be visible in DDD's annual meeting app.
